

Jan. 6, 1978

Dear Helen & Elmer,

We've just about made it through this first week of work after our vacation - and are looking forward with anticipation to the weekend!

It was so much fun to be with you over the holidays - I hope we can make it a regular tradition.

We're really glad you're feeling

better Elmer - hope you won't be visited with any more of those aches.

How'd you like the Rose Bowl Game? Terrific! That's the only football game I've watched all year and now I'm a confirmed fan; maybe next year I'll be glued to the TV all during the holidays.

Jan 7 - a.m.

This morning we are leisurely starting a new routine - we've decided not to have maid service anymore so

we are doing a little cleaning up. The
new kitchen cabinets have arrived so
things are beginning to get fixed
in that area, too. The cabinets are of light
wood and really look much better
than the originals! We figure that
in about 2 more weeks we can
be back to "normal." It will be so
exciting to do our own cooking!!

 Love.
